Summary

Skilled Frontend & Full Stack Developer specializing in architecting responsive web applications with React.js, TypeScript, Angular, and Tailwind CSS. Expertise in integrating RESTful APIs, optimizing component rendering, and creating interactive data visualizations. Proven experience in end-to-end production deployment, cross-browser optimization, and effective state management.

Experience

ERP Developer, PEPA Enterprise Jan 2026 – Present

- Architected full-featured college ERP modulesusing React.js and SQL schemas for academic and student workflows.
- Engineered interactive UI components and optimized query structures, minimizing latency across data-intensive administrative tools.
- Executed end-to-end hosting lifecycle: configured DNS records, provisioned SSL certificates, and managed live deployments.
- Developed and maintained app.pepa.co.in platform, improving usability and engagement for users.

Software Developer, Abhimo Technology Pvt. Ltd. Feb 2026 – May 2026

- Developed modular, mobile-responsive web interfaces with React.js and PHP backend workflows to enhance user experience.
- Integrated frontend clients with backend microservices via REST APIs, standardizing request/response data handling for improved data consistency.
- Conducted systematic debugging, performance profiling, and cross-browser testing to ensure cross-platform reliability.
- 3 Months

Education

Master of Computer Applications (MCA) 2024 – 2026
AJ Institute of Engineering & Technology, Mangaluru
Grade: CGPA: 8.7

Bachelor of Computer Applications (BCA) 2021 – 2024
St. Aloysius College (Autonomous), Mangaluru
Grade: CGPA: 7.2

University Course (PUC) 2021
Ambika PU College, Puttur
Grade: 70.56%

SSLC 2019
Jananodaya Bethany High School, Nellyadi
Grade: 76.00%

Skills

- Frontend & UI: React.js, Angular, Bootstrap, Tailwind CSS, Responsive Web Design
- Backend & APIs: Node.js, Flask, RESTful APIs, JDBC
- Languages: JavaScript (ES6+), TypeScript, Python, Java, SQL, PHP, HTML5, CSS3
- Databases & DevOps: MySQL, SQLite, Firebase, Git, GitHub, Web hosting solutions
- ERP integration
- Data Analysis Techniques
- React development
- PHP development
- SQL databases

PROJECTS

- **Shrutha Portal :** Career Exploration Platform | React, Node.js (shrutha.com) Live Project, Architectedacareer navigationportal guidingstudentsthroughpersonalized career pathways and curated learning modules., Handled end-to-end web deployment, SSL configuration, domain setup, and ongoing performance optimization.
- **Arthricare AI :** Medical Imaging Diagnostic Tool | React, TypeScript, Flask, SQLite AI Application, Engineered anAI-assisted kneecosteoarthritisdetection applicationanalyzing medical X-ray radiographs with deep learning models., Integrated Grad-CAM visual heatmaps onto React UI to deliver explainable AI insights for affected joint regions.
- **TECHMAZE :** Interactive Coding Platform | Angular, Node.js, Bootstrap Web Application, Builtabrowser-based coding & codeevaluationplatformserving 100+ students, eliminating local development setup friction., Constructed interactive coding challenge workflows, resulting in a 60% recorded increase in student engagement.
- **Smart Inventory Management System :** Java Swing, SQLite, JDBC Desktop System, Developeda desktopinventorymanagement solution tracking200+product SKUs with transactional integrity., Implemented Apriori-based association rule mining to recommend complementary stock orders, reducing stockout errors by 80%.

Certifications

- NPTEL Online Certification — Data Mining (2025), NPTEL (2025)
- Palo Alto Networks Cybersecurity Academy (2023), Palo Alto Networks Cybersecurity Academy (2023)

Accomplishments

- 1st Prize – Product Launch Competition at Goa Rosary College, in collaboration with St Aloysius (Deemed to be University), Mangaluru, and Sri Devi College.
- 1st Prize – TECHNO HIVE, Nitte Semaphore 2025–26, Karkala, for Tech Talk.
- Technical Head – AAKAR 2025, selected as the technical head and head of the Squid Game event. Workshop Conductor – St Aloysius (Deemed to be University), Mangaluru, conducted workshops on Programming Languages and Artificial Intelligence.
